10th Annual Rural Health Conference

Cairns Convention Centre, Cairns, QLD

17 - 20 May 2009

<http://10thnrhc.ruralhealth.org.au/general/?IntCatId=13>

The Conference's main focus is on those who are involved in rural, regional and remote health every day: the consumers, clinicians and managers in non-metropolitan areas. But participants will also come from other sectors that contribute to the health of people in country Australia. The Conference aims to widen the view of the rural and remote health community and to recognise the roles played by people involved in education, the environment, transport, housing, economic development and community services.

The event reminds us that the rural health sector includes many people who live and work in the major cities and who care about and influence the health of people from country areas.

Network Biannual Conference Reclaiming Childhood in the 21st Century

International College of Hospitality and Management, Manly, NSW

15-17 May 2009

http://www.netoosh.org.au/about_conference.htm

This conference seeks to highlight the fundamental importance of childhood experiences as a major contributor to the development of healthy and vibrant communities.

Positive Schools 2009 Mental Health and Wellbeing Conference

University House, University of Western Australia Main Campus, WA

22 May 2009

<http://www.positiveschools.com.au/>

Positive Schools 2009 offers principals, teachers, psychologists and other educational professionals opportunity to better understand mental health issues with a clear focus on finding solutions and achieving sustainable positive outcomes. This one day event offers an unbridled opportunity for participants to gain a positive, solution focused approach to social and psychological issues facing schools and colleges Australia wide.

9th Triennial International Child and Youth Care Conference Global Warning: Child Youth and Family Matters

Broward Convention Centre, Ft Lauderdale, Florida USA

26 - 29 May 2009

<http://www icycc2009.com/abouttheconference.html>

The conference vision is to bring together agencies, professionals and clients in support of a global leadership endeavor toward advocacy, programming and quality services delivery that will improve the lives of at-risk children young people and their families.

European Society of Paediatric and Neonatal Intensive Care Medical and Nursing Annual Congress

Verona, Italy

14 -17 June 2009

<http://www2.kenes.com/espnic/pages/home.aspx>

The 20th ESPNIC Medical & Nursing Annual Congress, of the European Society of Paediatric and Neonatal Intensive Care (ESPNIC), aims to promote paediatric and neonatal intensive care worldwide. Doctors and nurses in attendance will be able to influence their specialty by exchanging ideas and knowledge with colleagues, hearing presentations by internationally acclaimed experts, and experiencing a highly advanced scientific program.

Maximising Parent Strengths

ACWA, George Street, Sydney, NSW

16 and 17 June 2009

http://www.acwa.asn.au/find_this_course_single.php?recid=1416

The focus of the workshop will be on parenting of children from birth to age 5. It will be relevant to those working with the range of parents including young single mums and dads, Aboriginal and NESB parents. We will consider families where there are considerable issues that have led to referral to family services. We will look at strategies to strengthen parenting capacity when there have been difficulties in attachment with the child and managing the children's behaviour.

Every Day with ADHD - ADHD Workshops

ADHD Workshops are being conducted around Australia. To check the dates in your regional area visit:

www.everydaywithadhd.com.au/workshops-seminar-dates-and-venues.html

Take a journey to understand the world of the child with ADHD along with why and how their world effects their environment and all those around.

Discover the keys necessary to help change their environment, decrease anger and aggression; reduce stress and anxiety; provide tools for the child's future; while giving recognition and credit to their abundant positive qualities.

These workshop presentations have been designed to offer management keys to parents, teachers, Early childhood staff, in fact, anyone who wants to understand and better manage the world of ADHD.
