

# Services

## [Raising Children Network](#)

The Raising Children website provides practical tools and up-to-date information on child health, safety, nutrition, learning, parental wellbeing, family management and kids' activities.

## [The Health For Kids Network](#)

This website is a resource for parents looking for a GP specialising or interested in child and adolescent health. The directory currently contains over 840 GPs in the Melbourne metro area. The website is also used as a resource for GPs to access resources and share news.

## [Counselling Online](#)

A website where you can communicate with a "live" professional counsellor about an alcohol or drug related concern.

## [Turning Point](#)

Turning Point provides a wide range of specialist treatment and support services to people affected by alcohol and drug use.

## ['Suicide and Mental Illness in the Media'](#)

This website has been created to assist people involved in mental health to communicate effectively with the media about suicide, mental health and mental illness.

## [Australasian Genetic Support association \(AGSA\)](#)

The Association of Genetic Support is a network of people who are affected by genetic conditions, either directly or indirectly. AGSA will endeavour to facilitate contact with another family/individual affected by the same, or similar conditions, and/or provide information about an overseas support group.

## [Rosemary's Story](#)

I am a single Mum with two children, a son and a daughter. My son who is 12 years old has Klinefelter's Syndrome, a chromosomal disorder which causes him mild behavioural and delay problems.

[Limbkids Support Association Inc](#) is a non-profit, voluntary organisation comprised of parents, professionals and interested people concerned with the care of children who have congenital or acquired limb differences.

[Parent to Parent](#) New Zealand is a support and information network for parents of children with special needs. Support is provided voluntarily by Trained Support Parents who have a child with the same or similar needs.
